## Ohio Starts Fiscal Year Short on Funds

Appropriations Bill Still Not Approved By Legislature

COLUMBUS, Ohio (AP)-Ohio may be a little off schedule in paying bills and obligations this

State appropriations for 1959-61 expired at midnight, and it will be several days before the bill providing money for the July 1, 1961-to-June 30, 1963, period will be ready for the governor's signa-

The legislature went home Friday and won't be back until Wednesday. A conference committee of three senators and three representatives will try to iron out Senate-House differences in the \$2 billion appropriations bill so both houses can okay it by the end of the coming week.

In the meantime, Welfare Director Mary Groman said about 10,000 of the state's 88,500 old age pensioners will not receive their checks next Wednesday as scheduled. They live in the 13 counties at the top of the alphabetical list, from Adams through Clermont.

Mrs. Gorman said early July payments for dependent children, the blind and the disabled also will be delayed.

State Auitor James A. Rhodes, the man who mails out the state's checks, said it would be the first delayed mailing of pension checks since he became auditor.

And Gov. Michael V. DiSalle said he has been advised by the attorney general, Mark McElroy, that the state can make no payments without enactment of an appropriations bill.

One proposal, an immediate partial appropriation to run the state until the middle of this month, was offered Friday in the House by Rep. James A. Lantz, D-Fairfield, minority leader.

However, House Speaker Roger Cloud, R-Logan, rejected the attempt to introduce it.

which usually come in around the first of the month. Senate Majority Leader C. Stanley Mechem, R-Athens, said there were delays in approving six-month partial appropriations used back in 1947 and 1949, and that there was no problem.

The House managed to act on the school subsidy bill before winding up its 26th workweek. The

measure passed 114-0. If the Senate goes along, it will call for a \$16,775,000 increase in subsidies to Ohio's public schools. The appropriations bill actually provides the money, and the conference committee is expected to tack the \$16,775,000 on the \$450,-050,000 that the budget bill presently allows for the school foundation program.

This \$466 million compares with \$413,150,000 for the two-year period that ended at midnight. Of that \$413 million, about \$407 million actually was used. But increased enrollments and other factors have resulted in pressure for the increase.

A bill prohibiting advertising (except signs saying where public right-of-way of public highways outside cities and villages failed to pass by one vote, 19-16, in the Senate. Twenty votes are needed.

The bill was something like a measure passed by both Houses banning billboards within 660 feet of right-of-way of interstate superhighways. However, the Houseapproved bill apparently was intended to end the practice of putting political posters on utility poles and other roadside places.

Sen. Ross Pepple, R - Allen. asked tongue-in-cheek if dogs can count to three. But the Senate nonetheless agreed 21-6 to pass and send to the House a bill requiring county dog wardens to impound dogs found unattended in groups of three on property other than the owners'. Among House - approved bills

passed by the Senate would: Allow deduction from income for federal tax purposes the

amount spent for beer and wine taxes and the mark-up put on liquor by the state (29-3). Let counties and municipalities

## **NEA Passes** Stiff Policy On Integration

ATANTIC CITY, N.J. (AP)-For the first time in six stormy years, the National Education Association today stands on a firm platform of support or the Supreme Court's desegregation order of May 1954.

In the last hectic day of a hectic week, the NEA Friday adopted its strongest-ever policy statement on the issue which since 1955 has split Northern and Southern affiliates into bitterly warring camps. It took two hours and nine min-

utes of debate before the NEA's representative assembly could agree on a resolution which pledged "continued support of the U.S. Supreme Court's decision on school desegregation." In comparison to previous con-

## Tiny Sheikdom Also To Get Arabian Aid

### U.N. Council Is Asked To Probe Threats Coming from Iraq

KUWAIT (AP)-British marine commandoes aboard the 22,000-ton aircraft carrier Bulwark landed in Kuwait today and the government radio announced that Saudi Arabian troops were coming to the sheikdom's defense against a

threatened invasion by Iraq. But Iraq denied it was massing troops for a strike against Kuwait. Baghdad Radio quoted the state-owned Iraq News Agency as also denying reports that Iraqi vessels had fired on Iranian boats trying to deliver food to Kuwait.

Kuwait's Minister of State Bader Abdulla Mulla announced that the government had requested an emergency meeting of the United Nations Security Council "to investigate threats from Iraq likely to endanger the security

and independence of Kuwait." The Arab League Council will hold an extraordinary session Tuesday at Saudi Arabia's request to consider Kuwait's request to join the ten nation league, it

was announced in Cairo. The British Foreign Office in London said the forces were moved into Kuwait at the "urgent and formal request" of the country's ruler, Sheik Abdullah as-Salim as-Sabah and placed at his

disnosal. "It is to afford him such asessary for the preservation of the independence of Kuwait in the face of recent developments in Iraq," the foreign office state-

ment said. "The secretary-general of the United Nations is being informed. Her majesty's government earnestly hopes that the necessity to make use of this force will not arise. It is intended that it should be withdrawn as soon as the ruler considers that the threat to the

independence of Kuwait is over. The size of the force was not immediately disclosed.

The border was closed Friday night for the first time since the crisis was touched off by Iraq's claim to Kuwait, which attained full independence from Britain only two weeks ago.

Hundreds of Bedouin tribal chiefs, flanked by bodyguards and retainers, rushed to Naif palace where Kuwait's ruler, Sheik Abdullah as-Salim as-Sabah, (Continued on Page 10)

## **NEA Passes** On Integration

ATANTIC CITY, N.J. (AP)-For the first time in six stormy years, the National Education As sociation today stands on a firm platform of support or the Supreme Court's desegregation order of May 1954.

In the last hectic day of a hectic week, the NEA Friday adopted its strongest-ever policy statement on the issue which since 1955 has split Northern and Southern affiliates into bitterly warring camps.

It took two hours and nine minutes of debate before the NEA's representative assembly could agree on a resolution which pledged "continued support of the U.S. Supreme Court's decision on school desegregation."

In comparison to previous conventions, however, harmony was supreme. In the end, the resolution was passed by a large majority, although the white affiliates in the Southern states were almost solidly against it.

In other sections winding up its 99th annual convention, the NEA

## Is Prevalent In County

By GEORGE HAMRICK County Extension Agent, Agriculture

Pickaway County wheat growers should check their fields of wheat now for wheat scab. I have noticed several areas with a heavy infestation and many reports have been received by this office.

Wheat scab can be identified in the field by the appearance of white heads or parts of heads shortly after blossoming when the rest of the heads are still green. No kernels or only badly shriveded ones are found in the affected parts.

In addition to the blasted heads, this fungus also causes a seedling blight of wheat which can largely be eliminated if clean plump kernels are sown. However, blasting of the heads cannot be entirely controlled by sowing clean seed.

The spores of the scab fungus blow from corn stubble and refuse left in the field from a previous corn crop. Where wheat is sown in corn stubble more scab occurs then in fields following soybeans

THE ultimate control of this disease lies in the development if resistant varieties. We at present do not have varieties that are highly resistant to scab.

Seneca is susceptible to scab and farmers should refrain from sowing this variety.

A thorough check should be made of all wheat fields and if damage is great farmers should definitely sow certified seed this fall. The damage caused by smut and scab is rapidly placing the farmer in a position that in just a few years certified seed is all that he will dare to sow.

## Wheat Scab Is Prevalent In County

By GEORGE HAMRICK County Extension Agent, Agriculture

Pickaway County wheat growers should check their fields of wheat now for wheat scab. I have noticed several areas with a heavy infestation and many reports have been received by this office.

Wheat scab can be identified in the field by the appearance of white heads or parts of heads shortly after blossoming when the rest of the heads are still green. No kernels or only badly shriveded ones are found in the affected parts.

In addition to the blasted heads, this fungus also causes a seedling blight of wheat which can largely be eliminated if clean plump kerof a tour to Lindsey's Bakery and nels are sown. However, blasting of the heads cannot be entirely controlled by sowing clean seed.

The spores of the scab fungus blow from corn stubble and refuse left in the field from a previous corn crop. Where wheat is sown in corn stubble more scab occurs Demonstrations were unmolding then in fields following soybeans

> THE ultimate control of this disease lies in the development if resistant varieties. We at present do not have varieties that are highly resistant to scab.

> Seneca is susceptible to scab and farmers should refrain from sowing this variety.

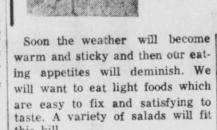

> A thorough check should be made of all wheat fields and if damage is great farmers should definitely sow certified seed this fall. The damage caused by smut and scab is rapidly placing the farmer in a position that in just a few years certified seed is all that he will dare to sow.

The June meeting was called to order by Susan Laveck, club president. Sandra Gifford led the club Page Miller led in the pledge to the flag. Roll call was answered by each member naming their mother's first name.

A demonstration was given by Katie Wilson on fitting a garment. A piano solo was given by Page

Salads can be a summertime treat if we vary them instead of serving the same two or three salads every week. Perhaps you will get some salad ideas from this article.

Because chicken is so economical to buy these days, it is wise for us to use it in a variety of dishes. One such dish would be "Hot Chicken 'n Chip Salad". The recipe calls for: 2 cups cabed cooked chicken 2 cups sliced celery, 1/2 cup chopped toasted almonds, 1/2 teaspoon salt, 1/2 teaspoon monosodium glutamate, 2 teaspoons grated onion, 2 tablespoons lemon juice, 1 cup mayonnaise, 1/2 cup grated American cheese, 1 cup crushed potato chips.

Combine ingredients, except the cheese and potato chips. Pile lightly into individual bakers or custard cups.

SPRINKLE with cheese and chips. Bake in very hot oven (450 degrees) for 10 minutes or until heated through. Makes 5 to 6 serv-

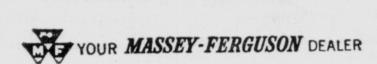

For a cold chicken salad, a recipe calls for: 3 cups coarsely diced cooked chicken, 2 cups diced celery, 1/2 cup mayonnaise, 3 tablespoons lemon juice, 1 teaspoon

seasoned salt, 1/4 teaspoon pepper. Combine chicken and celery. To mayonnaise add remaining ingredients, and blend. Pour Mayonnaise mixture over chicken and let chill one hour before serving.

Serve in lettuce cups. Garnish with tomato and hard cooked egg wedges, ripe olives. Makes 4 to 6 servings.

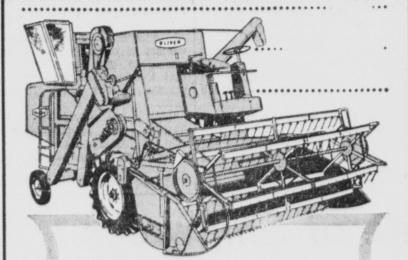

Cawsar Salad makes a cool hearty summertime meal. One nice thing about this salad is that you can vary the ingredients to suit your taste. This recipe calls for anchovy fillets. However, if you dislike anchovies, you may use diced ham or even chicken instead.

The ingredients for this are: 1 clove garlic, 1/2 cup salad oil, 1/2

## **Poor Weather Conditions** Take Heavy Toll in County

County Extension Agent,

Agriculture A continued study of Pickaway County crops has disclosed that heavy and prevalent rains in May and June have taken a heavy toll.

Many county farmers can expect heavy losses due to the wet and previous prolonged cool conditions. Others will fare better, with particular locations in the county serving as determining factors.

Yields of corn in many areas will be reduced by 30 per cent because of bad weather. Rainfall prevented timely seeding, and after the corn was planted additional rain and cool weather prevented normal growth

Corn plant population is zero in low areas of many corn fields and in the remainder of these fields the crop has a yellow, sick appearance. The situation is so poor that Pickaway County farmers possibly can expect a total loss of near \$1 million on their corn crop.

A private commission operating under the Committee for Economic Development with Ford Foundation funds made more than 80 recommendations after a threeyear study of money and creat, but only one of the points has full public attention focused upon it.

That is the proposal to give the President power to raise or lower first bracket federal income taxes.

Specifically, the President would have authority to alter the 20 per cent rate on the first \$2,000 of taxable income as much as five percentage points in either direction. Changes would be by six-months periods, with Congress having veto power. Such additional presidential power would add appreciably to the drive of the United States toward a managed economy.

ling McMurrin, in testimony before a House Appropriations subcommittee, agreed with the persistent criticism by Vice Adm. Hyman Rickover of the state of American education. The admiral, a nuclear expert with an uncanny knack of wading into faults in our society with the thrust of a charging hippopotamus, has condemned the almost total disregard of the badly needed talents of the above-average student.

Too long the dedication to strict impartiality in public schools has fostered concentration of teaching power on a median line of pupil ability, with the result that those below this line are held back a year from their age group and those above either skip a year of schooling or drift disinterestedly with no challenge to maintain their interest.

Challenge might be called the key to educational improvement. The pupil or student who is presented a challenge with and the local school system which does its best to provide challenges in the world of knowledge for all levels of ability -U. S. Commissioner of Education Ster- these are needed to make a school worthy of the name.

Most of the criticism to be read or heard about education centers upon shortcomings in one or more of these three challenges. An overall weakness in today's educational system, as acknowledged by Commissioner McMurrin, Admiral Rickover and other critics, is the pupil. Discipline, essential in the successful culmination of any pursuit and especially necessary in the moulding of mental foundations and knowledge absorption techniques, is sorely lacking in the average modern American home

Human behavior is easily influenced by the excitement of a reasonable challenge, however, and recognition of the importance of providing it to each member of the student body is a powerful step toward extracting more from the endless caverns of knowledge.

## Focus on Taxation

A private commission operating under the Committee for Economic Development with Ford Foundation funds made more than 80 recommendations after a threeyear study of money and credit, but only one of the points has full public attention focused upon it.

That is the proposal to give the President power to raise or lower first bracket federal income taxes.

Specifically, the President would have authority to alter the 20 per cent rate on the first \$2,000 of taxable income as much as five percentage points in either direction. THE CHURCH FOR ALL . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily. It's fun to look at the whole world, and then put your finger on the place where you live. It makes you realize how important you are!

In the free nations of this world everybody is important. People can own land and houses and tractors. They can read the truth. They can think for themselves, and say what they think. They can assemble together to celebrate, or plan-or protest.

And they can worship God . . . in the church they choose . . . and bring their children . . . and support their church . . . and volunteer their talents in its work.

Nobody can padlock God's Houseor turn it into a museum!

Here's where we live, THANK GOD! We thank Him best by using ALL our freedoms ...

THE CHURCH FOR ALL . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily. It's fun to look at the whole world, and then put your finger on the place where you live. It makes you realize how important you are!

In the free nations of this world everybody is important. People can own land and houses and tractors. They can read the truth. They can think for themselves, and say what they think. They can assemble together to celebrate, or plan-or protest.

And they can worship God . . . in the church they choose . . . and bring their children . . . and support their church . . . and volunteer their talents in its work.

Nobody can padlock God's Houseor turn it into a museum!

Braves Shut Out 4-0 As Redlegs Retain 21/2-Game Lead in NL

By THE ASSOCIATED PRESS Right-hander Joey Jay became a 10-game winner for the first time by pairing with reliever Bill Henry for an 11-hit shutout over his former Milwaukee mates Friday night as the Cincinnati Reds beat the Braves 4-0 and retained a 21/2-game lead in the National League race.

The Los Angeles Dodgers regained second place by beating Philadelphia 10-6 while Pittsburgh dropped San Francisco back to third with a 4-3 decision over the Giants. St. Louis checked the Chicago Cubs 11-4.

In the American League, Detroit beat Baltimore 6-5 in 12 innings and stayed two games ahead of the second place New York Yankees, who defeated Washington 5-1 Cleveland bopped Boston 10-2, Minnesota defeated Kansas City 8-2 and the Los Angeles Angels drubbed the Chicago White Sox 10-3.

The Reds, who began the season with a 21-57 record against Warren Spahn, beat the Braves' southpaw ace for the third time in three decisions this year. And it was a two-run single by Jay that wrapped up a three-run fifth inning against Spahn (8-9), who was trying for his 297th big

Jay (10-4), a loser in only one of his last 10 decisions, walked three and gave up all 11 Milwaukee hits. He struck out six. The Braves who had hit home runs in each of their last 10 games, left 11 runners stranded. Henry got the last out, retiring Ed

The third place Pirates, winning three in a row for the first time in more than a month, came from behind in the ninth against the Giants on an error by Willie McCovey and a two-run, two-out single by Bill Virdon. Ken Smith Crashes Decisive 2-Bagger In Overtime Match

General Electric got back on the winning trail in Babe Ruth Major League play last night, defeating host Chamber of Commerce 10-8 in a tense extra-inning battle.

Bob Purcell gave GE a 1-0 lead in the second when he tripled to plate Gary Stewart. The electricians mounted a five - run advantage in the top of the third.

Mick Tomlinson got on through an error with one away and promptly stole second. Bass walked and Ken Smith plated both with a single. Good bounced out but Stewart and Purcell clubbed singles that brought across another score before the frame closed.

Charles Hill and Jeff Lutz poked back-to-back one-baggers in the bottom of the inning to give C of C three markers. Neither team scored in the fourth. In the fifth each squad counted one run, Chamber's coming without a hit.

THE sixth was a scoreless pitcher's battle. Good singled and Stewart put him home with another one-baser to give GE a 7-4 margin entering the last of the seventh.

Wells walked to start Chamber's last chance drive. Two men were safe on fielder's choice plays and Bowser cracked a single to put two men across. Burger walked and Smith fanned, but Hill tied the game with a run-scoring single. Lutz line out to end the stanza.

In overtime, Ken Smith spelled down for Chamber. With two men on he clubbed a double and scored himself with a fleet-footed play on an error.

## Tribe Closes Out June with 10-2 Victory

closed out the month of June on a winning note, just as it started. But what happened in between is best spoken of softly.

The Indians won their first eight games in June, yet ended up with a 17-16 record, just getting over the .500 mark with Friday night's 10-2 triumph over Boston.

The triumph was encouraging for several reasons:

Gary Bell (5-8) tossed a sixhitter for this first victory since June 6 and his first complete game since May 28. He walked four and struck out eight.

The Indians broke a five-game spell without a homer when Mike de la Hoz blasted a three-run shot into Fenway Park's left field screen. It also marked the first time the opposition failed to hit a homer in 14 games.

Cleveland whacked 13 hits, with slumping Vic Power getting three of them and Woodie Held collecting four singles in four trips. De la Hoz and Held each drove in three runs and Power knocked

Winner Gene Littler was lightly regarded by the USGA in the National Open pairings. The first day he teed off at 8:48, a time usually reserved for the "dew sweepers."

### PHYSICAL CONDITIONING

"If you can walk you can water ski" is a favorite saying of water ski enthusiasts. It's true, but a few added skills won't hurt. You must be able to swim before you ski. You don't have to be of championship caliber, such as Roger Gray here doing a "toe hold slide," but you should be able to swim enough if you get "dumped." Great strength is not required for water skiing and it fulfills the physical conditioning requirement for the average person combining healthful but not strenuous exercise with that fresh air.

## 10th Victory For Cincinnati

Braves Shut Out 4-0 As Redlegs Retain 21/2-Game Lead in NL

By THE ASSOCIATED PRESS Right-hander Joey Jay became a 10-game winner for the first time by pairing with reliever Bill Henry for an 11-hit shutout over his former Milwaukee mates Friday night as the Cincinnati Reds beat the Braves 4-0 and retained a 21/2-game lead in the National League race.

The Los Angeles Dodgers regained second place by beating Philadelphia 10-6 while Pittsburgh dropped San Francisco back to third with a 4-3 decision over the Giants. St. Louis checked the Chicago Cubs 11-4.

In the American League, Detroit beat Baltimore 6-5 in 12 innings and stayed two games ahead of the second place New York Yankees, who defeated Washington 5-1 Cleveland bopped Boston 10-2, Minnesota defeated Kansas City 8-2 and the Los Angeles Angels drubbed the Chicago White Sox 10-3.

The Reds, who began the season with a 21-57 record against Warren Spahn, beat the Braves' southpaw ace for the third time in three decisions this year. And it was a two-run single by Jay that wrapped up a three-run fifth inning against Spahn (8-9), who was trying for his 297th big

league victory. Jay (10-4), a loser in only one of his last 10 decisions, walked three and gave up all 11 Milwaukee hits. He struck out six. The Braves who had hit home runs in each of their last 10 games, left 11 runners stranded. Henry got the last out, retiring Ed Mathews with two men on base.

The third place Pirates, winning three in a row for the first time in more than a month, came from behind in the ninth against the Giants on an error by Willie McCovey and a two-run, two-out single by Bill Virdon. Roberto Clemente drove in the first two Buc runs off loser Mike McCormick (7-7) with a triple and a homer. Elrov Face (4-3) was the winner in relief, after giving up the Giants' go-ahead run in the top of the ninth.

Willie Mays doubled and scored twice for the Giants, coming across with the tying run in the seventh on Jim Davenport's ground out and counting again in the ninth on Davenport's sacrifice

Willie Davis belted a pair of triples and Daryl Spencer hit a clinching two-run homer for the Dodgers as they built an 8-1 lead in 51/2 innings at Philadelphia. Stan Williams (7-7) was the winning pitcher, but needed relief from Dick Farrell when the Phils scored five runs in the sixth. Jim Owens (1-1) was the loser.

The Cardinals beat Jim Brewer (0-3) with a five-run first inning capped by rookie Jim Schaffer's first major league homer - a grand slam. Bob Lillis then lined a three-run double as the Cards got their other six in the eighth. Southpaw Ray Sadecki (7-4) was the winner, giving up the Cubs' runs on two-run homers by Jerry Kindall and Billy Williams.

## Also-Rans Leading In Flint Tourney

FLINT, Mich. (AP) - Minus Arnold Palmer and Gary Player, the wealthy Flint Open has become a scramble among those pro golfers used to chasing the two masters.

Of the 16 leaders - those bettering par-144 after two rounds only two have been victors this year. Nobody in the top eight entering today's third round has been a 1961 champion.

There was a three-way jam-up in first place. Billy Casper, Dave Ragan, and Johnny Pott completed Friday's second round with 140s - four under par on the par-75 Warwick Hills course. Casper and Potts fired 68s, while Ragan

### PHYSICAL CONDITIONING

"If you can walk you can water ski" is a favorite saying of water ski enthusiasts. It's true, but a few added skills won't hurt. You must be able to swim before you ski. You don't have to be of championship caliber, such as Roger Gray here doing a "toe hold slide," but you should be able to swim enough if you get "dumped." Great strength is not required for water skiing and it fulfills the physical conditioning requirement for the average person combining healthful but not strenuous exercise with that fresh air.

## Shooting of Fish Violates Ohio Code

The Division of Wildlife has announced that it is illegal to shoot fish in the State of Ohio.

Wildlife officials said this ruling applies to free running bodies of water and also areas of water that flow into rivers, creeks and streams. They said the same is true for state controlled lakes and similar stretches of water.

According to the Ohio General Code, no fish are to be taken or destroyed by firearms in these listed bodies of water. This law also protects rough fish.

Senator Frost, Wayne W. Galvin

COLUMBUS, Ohio (AP) - A 'think twice' act, aimed at misguided souls who make false alarm reports to school officials, theater managers and others, has been signed into law by Gov. Michael V. DiSalle.

It makes it a penitentiary offense to knowingly make a false report of a fire, bomb planting or the like to someone in charge of a place where people assemble. It applies if the phony report results in law enforcement officials being called in.

DRIVING THE SKI BOAT

While most water skiers want to ski, the success or failure

of any trick or slalom run, jump or just an enjoyable day

on the water, depends to a great deal on the boat driver,

The good driver must be familiar with the boat he is using,

the area where he will be driving, and the physical condi-

tion and ability of the skier or skiers he will be towing.

The driver and observer riding in the boat (some state laws

require a second person in the boat and/or a rear view mir-

ror; it's a good idea at all time), as well as the skier,

should understand all hand signals including those for

changes of speed and direction and for stopping. Remember

safety is everybody's business, whether on the land or sea.

DRIVING THE SKI BOAT

While most water skiers want to ski, the success or failure of any trick or slalom run, jump or just an enjoyable day on the water, depends to a great deal on the boat driver, The good driver must be familiar with the boat he is using, the area where he will be driving, and the physical condition and ability of the skier or skiers he will be towing. The driver and observer riding in the boat (some state laws require a second person in the boat and/or a rear view mirror; it's a good idea at all time), as well as the skier, should understand all hand signals including those for changes of speed and direction and for stopping. ### Think Twice' Law Aimed At False Alarmists COLUMBUS, Ohio (AP) - A "think twice" act, aimed at mis-

guided souls who make false alarm reports to school officials, theater managers and others, has been signed into law by Gov. Michael V. DiSalle. It makes it a penitentiary offense to knowingly make a false

report of a fire, bomb planting or the like to someone in charge of a place where people assemble. It applies if the phony report results in law enforcement officials being called in.

## Yank Youths Seek To Gain At Wimbledon

WIMBLEDON, England (AP)-Two American youngsters step on to Wimbledon's lush green courts today eager to prove to the world the state of tennis back home isn't as sad as most Europeans think. Chuck McKinley, 20, of St. Louis and Chris -Crawford, from Piedmont, Calif., both seek places in the quarter-finals.

McKinley, seeded eighth, takes on Warren Jacques, a young Australian member of the barnstorming Lamar Tech (Tex.) squad. Crawford, who scored a third round victory over third-seeded Nicola Pietrangeli, plays Iyo Pimentel, the left-handed Venezuelan.

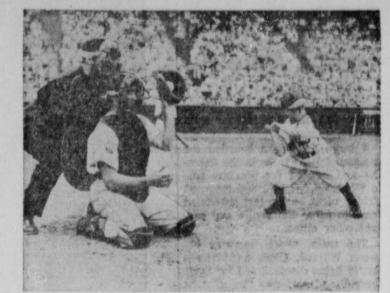

No American man played Friday, but three U.S. girls-Karen Hantze, Mimi Arnold and Justina Bricka-all advanced to the last 16 without mussing their hair.

Karen scored an easy 6-3, 6-2 victory over Eva Duldig, an Australian schoolmarm. Mimi swept past Karen Herich of Germany, 6-2, 6-1, and Justina put out Britain's Rosemary Deloford, 6-1,

The only American to bow out Friday was Pat Stewart, the model from Indianapolis, who lost to second-seeded Margaret Smith, the statuesque Australian champion, 6-3, 6-0.

**New Red Head Scoffs** At More Indian Roles

HOLLYWOOD (AP) - You've seen dark-haired, dark-eyed Sarita Vera in scores of TV shows, always as a Mexican or Indian girl. But never again.

"I killed her off this week," says red-hared Rhea Vernon. With a new hair dye, new make- Blondie up job and a new name. Only my mother will know me as Sarita from now on."

Sarita and Rhea, of course, are the same girl. This week she decided to take a drastic step to break the casting she had been in.

"I couldn't blame producers for always casting me as a Latin-American, because that is what I am," the Los Angeles-born actress said. "But it's frustrating to be limited to only two types.

So the other day she went to a Beverly Hills beauty salon for a complete renovation.

Before she went in for the overhaul, she had a call from a casting director of Columbia Pictures for a role in a movie, "Walk on the Wild Side."

"He turned me down and for the first time in my life I was happy because I didn't get a part. He spoke the kindest words I've ever heard.

"Sorry, Miss Vernon, this part calls for a Latin-American type You won't do.' "

"I had been called in as Sarita Vera but when I went in for my interview I was the red-haired Rhea Vernon.'

## Sandusky Gambler Is Freed on Bond

TOLEDO, Ohio (AP) - A Sandusky man, arrested in a crackdown on alleged gamblers by federal authorities, was freed on \$1,500 bond Friday by U.S. Commissioner John J. Barone.

Edwin Watruba, 44, of Sandusky waived a preliminary hearing on charges of conducting gambling operations without purchasing the required \$50 annual stamp. No trial date was set. Watruba was arrested by fed-

eral agents Thursday while driving on Ohio 510 north of Clyde. Kenneth Cannon, chief of the intelligence division of the Internal Revenue Service, said agents confiscated two 1961 automobiles owned by Watruba. They also took into custody \$250 cash, records of numbers betting and blank numbers slips, and five cartons of 8:00-(10) Pete and Gladys (R) football pool betting stubs.

## Two-Bit Beggar Tossed into Jail

CINCINNATI (AP)-Seems like a fellow can't ask another for money to buy a drink in Cincinnati Flash Gordon any more.

Thursday night, Albert Blevins 43, staggered up to three men on a downtown street corner and asked if any of them were from his home town of Hamilton.

"Nope," the trio responded. "Well, maybe you can help me anyway," said Blevins hopefully. "I need a quarter for enough to buy a drink." That did it.

Next thing Blevins knew, he was at Central Police Headquarters where he was charged with street begging and turned in \$5.40 in charge for safekeepnig.

And all because of an honest mistake—the men he'd approached were Vice Squad detectives.

Yogi Berra holds the record for ting average. It was .292, three World Series participation, having played in 11, one more than Babe Ruth and Joe DiMaggii.

"I couldn't blame producers for always casting me as a Latin-American, because that is what I am," the Los Angeles-born actress said. "But it's frustrating to be limited to only two types.

So the other day she went to a Beverly Hills beauty salon for a complete renovation.

Before she went in for the overhaul, she had a call from a casting director of Columbia Pictures for a role in a movie, "Walk on the Wild Side."

"He turned me down and for the first time in my life I was happy because I didn't get a part. He spoke the kindest words I've ever heard.

"Sorry, Miss Vernon, this part calls for a Latin-American type. You won't do.' "

"I had been called in as Sarita Vera but when I went in for my interview I was the red-haired Rhea Vernon.'

## Sandusky Gambler Is Freed on Bond

TOLEDO, Ohio (AP) - A Sandusky man, arrested in a crackdown on alleged gamblers by federal authorities, was freed on \$1,500 bond Friday by U.S. Commissioner John J. Barone.

Edwin Watruba, 44, of Sandusky waived a preliminary hearing on charges of conducting gambling operations without purchasing the required \$50 annual stamp. No trial date was set. Watruba was arrested by fed-

eral agents Thursday while driving on Ohio 510 north of Clyde. Kenneth Cannon, chief of the intelligence division of the Internal Revenue Service, said agents confiscated two 1961 automobiles owned by Watruba. They also took into custody \$250 cash, records of numbers betting and blank numbers slips, and five cartons of football pool betting stubs.

## Cities Get \$66 Million in Income Taxes

COLUMBUS, Ohio (AP)-Municipal income taxes collected by treasuries. Ohio cities soared to a new record of more than \$66 million in 1960 despite an economic slump.

gave that figure Friday, reporting that total receipts from the income tax reported by 43 cities for last year were \$66,178,049. In 1959, 40 cities reported receipts of \$56,-

Collections from this revenue source in 1960 showed a gain of \$9,455,014, or 16 2-3 per cent.

Six cities reporting income tax receipts for the first time in 1960 helped swell the total. These were Hamilton, Lima, Mansfield, Massillon, Newark and Orville. Four others, Kent, St. Marys, Wadsworth, and Salem have joined the ranks of income tax cities, but

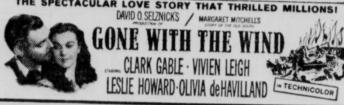

show no receipts from it in 1960. The income tax rates varies from 1/4 of 1 per cent in Middletown to 1 per cent in most large cities. Toledo was first to adopt a city income tax in 1946, followed by Columbus, Springfield and Youngstown in 1948.

## Cities Get \$66 Million in Income Taxes

cipal income taxes collected by treasuries. Ohio cities soared to a new record of more than \$66 million in 1960 despite an economic slump.

State Auditor James A. Rhodes gave that figure Friday, reporting that total receipts from the income tax reported by 43 cities for last year were \$66,178,049. In 1959, 40 cities reported receipts of \$56,

Collections from this revenue source in 1960 showed a gain of \$9,455,014, or 16 2-3 per cent.

Six cities reporting income tax receipts for the first time in 1960 helped swell the total. These were Hamilton, Lima, Mansfield, Massillon, Newark and Orville. Four others, Kent, St. Marys, Wadsworth, and Salem have joined the ranks of income tax cities, but show no receipts from it in 1960. The income tax rates varies from 1/4 of 1 per cent in Middletown to 1 per cent in most large cities. Toledo was first to adopt a city income tax in 1946, followed by Columbus, Springfield and Youngstown in 1948.

## ly numbers about 70,000. Report Again **Shows Decline** In Business

Retail business in Pickaway County continued to show a decline for the week ending June 17 over the corresponding week a year ago, according to a report today from the office of Joseph T. Ferguson, state treasurer.

Ferguson's report, based on the sale of prepaid sales tax receipts, showed June 17, 1961, figures to be \$6,480,45 compared to \$7,938.99 for

the week ending June 18, 1960. The report indicated Ohio vendors have purchased a total of 2,183,349,452 sales tax stamps of various denominations from July 1, 1950 to June 17, 1961.

Gross receipts from these stamps amounted to \$157,167,848.84. Net receipts, or the state's share, of the sales total, \$150,896,961.92. It was explained that the differ-
